*NOTICE OF LIABILITY EXEMPTION UNDER STATE LAW Under Texas law, Dumas Independent School District and its employees are not liable for injuries or damages sustained by others in connection with school or school activities. Because of this liability exemption, the District will not pay for medical expenses or damages resulting from accidents or incidents involving students or other third parties. This exemption extends to all school activities including sports and other extracurricular activities. However, if the District or its employees are found to be negligent in the operation of a motor vehicle, Texas law allows for limited District liability for the resulting injuries and damages to third parties. This is the only exception to the liability exemption detailed above
